

JASMINE MOHAMED

Location: Fifth Settlement, New Cairo, Cairo, Egypt | Phone: +20 1092103645

Email: jasminehany711@gmail.com

PROFESSIONAL SUMMARY

Fresh data science graduate with hands-on experience in credit-risk analytics, Power BI, SQL, machine learning, and portfolio reporting. Built and automated delinquency dashboards for auto-loan portfolios during a data analytics role, with additional experience in predictive modeling, computer vision, PostgreSQL optimization, and PySpark.

PROFESSIONAL EXPERIENCE

Data Analyst

Souhoola | Feb 2026 - Jun 2026)

- Responsible for analysing the delinquency data
- Created reports dashboards to represent delinquency and credit risks.

Data Analyst Intern

Tanmeyah | Sep 2025 - Dec 2025

- Responsible for building reports and dashboards for the data.
- I gathered insights for reporting using SQL.

Machine Learning Engineer Intern

Codealpha | July - Aug 2025

- I built a machine learning model predicting credit scores.

SAP Analytics Intern

Spirit for Consultancy and Services | Aug–Sept 2024

- I learned about information systems specially ERP systems and the role they play in business operations
- I learned the fundamentals of SAP Analytics Cloud (SAC) and its role in business intelligence, data visualization, reporting, and data-driven decision-making.
- I gained hands-on exposure to creating interactive dashboards and visualizations in

SAC, while exploring how SAP data and business processes can be analyzed to generate actionable insights.

PROJECTS

- Data Analysis & ML Project for predicting credit scores.
- Big Data & NoSQL Project for data cleansing and analysis of car trips/rides.
- Power BI dashboards for analyzing credit risks and delinquency
- Power BI dashboards for analyzing portfolio and auto loans performance

EDUCATION

Bachelor of Informatics and Computer Science *Major: Data Science* German International University (GIU), 2022 – 2026 GPA: 2.48 (Very Good)

Bachelor Thesis: Axis Intelligence and Posture Alignment Detection using Computer Vision and Machine Learning

IGCSE Cairo Manara Language School, Cairo, Egypt | 2019 - 2021

KEY SKILLS

- Python
- SQL
- R
- SAC
- JavaScript
- HTML/CSS
- Data Analysis & Visualization
- Object-Oriented Programming (OOP)
- REST APIs
- SparkML & SparkSQL
- Feature Engineering
- Model Evaluation
- ETL
- Docker
- Git/GitHub
- Microsoft Office
- English
